Love is such a funny thing
Just think about it
All the craziness that it can bring
Still we can't live without it
It was so real a big part of me
Then it switched and let me down
Turned me from a sad girl to a mad girl
Now I've become a bad girl who knows what it's
all about

But I'm so over you
Thought I can't be without you
But I'm here rising high and I will never backslide
No I don't need you I'm good
Oh life ain't about you so glad I said goodbye
And there ain't no way that I will backslide

Maybe in another life we could be together
But I mean it when I say that I
I'm done with you forever
Thought I could make you a better man
But you couldn't handle me
You were such a bad boy the bad boy
Now you've become a sad boy and I feel so sorry

And I'm so over you
Thought I can't be without you
But I'm here rising high and I will never backslide
No I don't need you I'm good
Oh life ain't about you so glad I said goodbye
And there ain't no way that I will backslide

No I'm not going back to sorrow
Don't even wanna know your name
Standing alone but I'm stronger than ever
And you won't bring me down again
So done waiting on tomorrow
(I'm so done) Things do change
Cause finally I am free I hope you're happy I'm
so gone

And I'm so over you

Thought I can't be without you
But I'm here rising high and I will never backslide
No I don't need you I'm good
Oh life ain't bout you so glad I said goodbye
And there ain't no way that I will backslide
