Oh, oh
Yeah

Every morning I wake up alone
Thinking of how he used to be at home
There's no more us, I'm right here by myself
I thought I knew you so well
Than I remember the first day we met {day we met}
And how I couldn't stop bragging about that {to my
friends}
It was unusually fascinating
How you took me and made me feel something that I
need

Baby {baby}
Give me some of your lovin' {lovin'}
Cause it's what I've been missing
Lately {lately}
I've been waking in the morning
Without your sweet kisses
Lover {lover}
Come back to satisfy me {me}
With all of what you've been giving
Cause I {cause I}
Need to feel the feeling that we
Felt on our first date

I was locked before you had the key
Open me up and made me see
No ones compassion competes against you
There ain't no other dude
Can't no one touch you

Oh I only wanna get back your lovin'
Is that such a problem?
Cause I know you left all this confusion
But your illusion stays in my mind {my mind}
And nobody's pulling you from me

Baby {baby}
Give me some of your lovin' {lovin'}
Cause it's what I've been missing

Lately {lately}
I've been waking in the morning
Without your sweet kisses
Lover {lover}
Come back to satisfy me {me}
With all of what you've been giving
Cause I {cause I}
Need to feel the feeling that we
Felt on our first date

Yeah, Ooh
Oh, Yeah
Oooh, ohh

You got me thinking about all the things we did
When you were by my side, I must admit, so just stop it
It's not that complicated I just want to live
With the love that comes with you
That's all I want to do
Let's stop the argument boy i don't even know
What it was about this that was so frustrating
But I'm so hit on it don't make me wait no more
Just come right through my door
Cause I just can't take it no more

Baby {baby}
Give me some of your lovin' {lovin'}
Cause it's what I've been missing
Lately {lately}
I've been waking in the morning
Without your sweet kisses
Lover {lover}
Come back to satisfy me {me}
With all of what you've been giving
Cause I {cause I}
Need to feel the feeling that we
Felt on our first date

Ooh, yeah
Ehh, yeah
