(Verse 1)

I sing my melody, my simple melody  
Unto the one wise and true living God  
I give my sacrifice because You paid the price  
So that my life would have meaning and more  
You gave me hope that endures, my fallen soul You  
secured

Please take my melody, my simple melody  
Straight from my heart to Your soul  
Straight from my heart to Your soul

(Verse 2)

I sing my song of praise, my simple song of praise  
Unto the Lamb that was slain for my sin  
I give my offering unto You, Lord and King  
Its from victories Youve helped me to win  
Its a melody filled with You praise, my voice unto You I  
raise

Please take my song of praise, my simple song of  
praise

Straight from my heart to Your soul  
Straight from my heart to Your soul

(Bridge)

Here is my melody, my simple melody  
Straight from my heart to Your soul  
Here is my melody, my simple melody  
Straight from my heart to Your soul

(Channel)

Its a melody filled with You praise, my voice unto You I  
raise

Here is my offering, please take my offering  
Straight from my heart to Your soul  
Straight from my heart to Your soul

(Vamp)

Straight from my heart to Your soul  
Straight from my heart to Your soul
