Hey okay okay okay  
They say we on

They say we on  
Lets get some green lets get some drink lets get it on  
Say tonight we gonna get going going gone  
Say tonight we gonna get going going gone  
(Get yo a\*\* up baby get your a\*\* up)  
Say tonight we gonna get going going gone  
( get yo a\*\* up baby get your a\*\* up)  
Lets get some green lets get some drink lets get in on  
Say tonight we gonna get going going gone  
Say tonight we gonna get going going gone  
( get yo a\*\* up baby get your a\*\* up)

In the middle of the club blowin indo  
Rolling up with swishers sweet, bad as mr inslo  
Cause right now only family matters  
And all these other ni\*\*ers pissed cause they got little  
bladders  
I came to shout at haters dreams kill they self esteem  
Don't try to make it now my ni\*\*a this ain't maybelline  
You have made it seem no body like me  
And now I ain't gay so I don't care if ni\*\*as like me  
B\*tches know I'm cooler and I rock like mikey  
I, I, I rock things way out of your price range  
We don't look at price tags never will never have  
Just ask for they forgiveness later on  
When you see my chick you see a chick that you will  
never have  
And that's a concept you will never grasp  
I'm the sh\*t fertilizer I green the grass  
I'm bout to eat rama down watch these ni\*\*as fast  
Now puff puff pass now and pour another glass

We on  
Lets get some green lets get some drink lets get it on  
Say tonight we gonna get going going gone  
Say tonight we gonna get going going gone  
( get yo a\*\* up baby get your a\*\* up)  
Gone  
Lets get some green lets get some drink lets get it on

Say tonight we gonna get going going gone  
Say tonight we gonna get going going gone  
( get yo a\*\* up baby get your a\*\* up)

My momma asked me is the bragging really necessary  
I say no but this sh\*t is gonna make me legendary  
And I apologize for cussing, but when it come to rap I  
don't apologize for nothing  
Disgusting ni\*\*a yuck to the maximum  
These rap ni\*\*as rerun I'm yelling what's happening  
Even if they get me they f\*cking with closed captioning  
When you ni\*\*as dis me you ain't gettin no reaction  
Cause emotions is for women and ni\*\*as who just be  
sittin when they pissin I ain't asking for permission  
I'll just ask for they forgiveness later on  
After I take the throne and bring it back to my home  
No we on like the opposite of off, come from the same  
cloth  
With TI get some andre ho get some kayne  
So how can they make saying donnis ain't the illest  
where even the hottest ni\*\*as consider the boy a  
menace  
No we on

Gone  
Lets get some green lets get some drink lets get it on  
Say tonight we gonna get going going gone  
Say tonight we gonna get going going gone  
( get yo a\*\* up baby get your a\*\* up)  
Gone  
Lets get some green lets get some drink lets get it on  
Say tonight we gonna get going going gone  
Say tonight we gonna get going going gone  
( get yo a\*\* up baby get your a\*\* up)
