DEV:

Donnis, Ring my bell. Ring my bell.

DONNIS:

Whatcha doing with all that shit,  
make me wanna come over and give your mama a kiss  
tell your daddy i'm as good as it gets  
and that you had a broken heart but it just got stitched  
you got an ex boyfriend, cause he just got ditched  
and he had to let it burn like a compact disc  
way hotter than a dime, boy i just got rich  
say your booty too big for abercrombie and fitch  
girl, you know them don't fit  
you thick  
like a chocolate milkshake when you take your first sip  
as a matter of fact i should be tasting that shit  
so good as soon as it hits your lips

.....  
i'm old school, little mama let it seep in  
we don't have to hit the quad to go streaking  
all wet, faucet, got her leakin.

(chorus) DEV:

you can ring my bell, no i won't tell.  
no i won't tell.

ring-a-ling-a-ling-a-ling my bell. no i won't tell.  
back, back, forth, and forth, this is what i waited for  
back, back, forth and forth this is what i waited for  
DONNIS:

hey, let me wrap your legs around my head,  
and wear you like the crown that you are.  
seem too many people are home, maybe we should do  
this in my car  
sex trafficking.  
fat black pussycat, that's a jaguar,  
i'm gonna pull up to your bumper no petrol.  
then we go go green like a rasta.

.....  
girl you know that's you.  
let's put this thing together, like two plus two.  
that equals four more bars that i have in store  
to explain to you, i'm not gaming you  
like a las vegas commission  
girl, i'm bobby brown dope new edition.

get with me, and get with me  
dope dick take you to a different world  
ask whitley  
(chorus) DEV:  
you can ring my bell, no i won't tell.  
no i won't tell.  
ring-a-ling-a-ling-a-ling my bell. no i won't tell.  
back, back, forth, and forth, this is what i waited for  
back, back, forth and forth this is what i waited for  
DONNIS:  
this the type of shit to make a mother fucker  
get a whole bunch of ones and just throw them in the  
air  
watch her work that ass to the ground  
girl, work that ass to the ground  
right now, shawty work that ass to the ground  
go.  
(chorus) DEV:  
you can ring my bell, no i won't tell.  
no i won't tell.  
ring-a-ling-a-ling-a-ling my bell. no i won't tell.  
back, back, forth, and forth, this is what i waited for  
back, back, forth and forth this is what i waited for
