I don't read the paper, I don't watch the news
I can look out the window and the sky is still blue
We're running on empty, but the glass is half full
It hasn't been easy, but we're doing OK
The bills keep on coming, somehow they're getting paid
I'm counting my blessings, and putting my faith in you

It's a beautiful life, with you here beside me
I know I can count on you to guide me
And that today, no matter what happens, the suns
gonna shine
It's a beautiful life, the world is still turning
I look in your eyes, and a fire still burning
As long as we're close, I know everything is going to be
alright
It's a beautiful life

We don't need a house, this apartment is fine
I can sell my car, baby I don't mind
We'll weather this storm, do what we gotta do
Ooh everything I need, is inside these walls
As long as we're together, I have it all
I can wake up every morning with his point of view

It's a beautiful life, with you here beside me
I know I can count on you to guide me
And that today, no matter what happens, the suns
gonna shine
It's a beautiful life, the world is still turning
I look in your eyes, and a fire still burning
As long as we're close, I know everything is going to be
alright
It's a beautiful life

It's a beautiful life with you here beside me
I know I can count on you to guide me
And that today, no matter what happens, the suns
gonna shine
It's a beautiful life, the world is still turning
I look in your eyes, and a fire still burning
As long as we're close, I know everything is going to be

alright
It's a beautiful life

Oh, it's a beautiful life
It's a beautiful life
It's a beautiful life
