When the deep purple falls  
Over sleepy garden walls  
And the stars begin  
To twinkle in the night

In the mist of the memory  
You wander on back to me  
Breathing my name with a sigh

In the still of the night  
Once again, I hold you tight  
Though you're gone  
Your love lives on  
When moonlight beams

And as long as my heart will beat  
Sweet lover we'll always meet  
Here in my deep purple dreams

When the deep purple falls  
(When the deep purple falls)  
Over sleepy garden walls  
(Over sleepy garden walls)  
And the stars begin to twinkle  
(And the stars begin to twinkle)  
In the night (in the night)

In the mist of the memory  
(In the mist of the memory)  
You wander back to me  
(You wander on back to me)  
Breathing my name  
(Breathing my name)  
With a sigh (with a sigh)

In the still of the night  
Once again, I hold you tight  
Though you're gone  
Your love lives on  
When moonlight beams

And as long as my heart will beat

Sweet lover we'll always meet  
Here in my deep purple dreams

And as long as my heart will beat  
Sweet lover we'll always meet  
Here in my deep purple dreams  
Here in my deep purple dreams  
Here in my deep purple dreams
