Sometimes I lie awake and think to myself
What did I do to deserve you
I always use to say, fairy tales just fade away
I never believed that they came true
But then you came alone, and that's when I knew
That there was nothing that the two of us
Couldn't get through

After the fire, after the rain
You know that this love will still remain
Unbreakable, unshakeable for you
And I know this much is true, yeah

Sometime the road gets rough and the world feels so
cold
But I will be right here beside to you
That's when you got to trust, keep the faith, believe in
us
?Cause I'll be right here to guide you
And when my heart is with you, love keeps it strong
Sure as the sun is gonna rise, my love will go on

After the fire, after the rain
You know this love will still remain
Unbreakable, unshakeable for you
And I know this much is true
Ooh, this much is true

You are the air I breathe, the reason I live and the song
I sing
You are my everything; you'll never ever know what you
mean to me
You are a part of me; you get right down to the heart of
me
You are a destiny; I'll always give you the best of me
And when my heart is with you love keeps it strong
Sure as the sun is going to rise
Our love will go on and on

After the fire, after the rain
You know this love will remain
Unbreakable, unshakeable for you

And I know this much is true
It's true, yeah

This much is true
I'm telling you it's true
This much is true, for you
I know its true baby
Oh, oh it's true
I love you
