That Mississippi moon is full tonight
And there's a million stars in that Delta sky
The crickets and the bull frogs are singing loud
We've got an Elvis CD turned down low
Singing "love me tender" as I pull you close
I got a crazy thought, now hear me out
I got money in my pocket and a full tank of gas
I know a preacher with a Chapel
That can get it done real fast

Let's spin the wheel, roll the dice
We can make tonight the night
Are in in the mood for a little Vegas love
It's in the cards, it's in our hands
I know we got the perfect plan
You feel like a little, a little Vegas love
Vegas love, oh yeah

Oh you are looking at me like I lost my mind
But I am ready to get off the fence tonight
The water looks warm and I feel like jumping in
That you've been talking to me 'bout tying the
knot

The time is right and I know the spot
It won't surprise our family or friends
We don't need a lot of money
'Cause we got a lot of love
I'm not afraid to lean on the line, I'm betting all
on us

Let's spin the wheel, roll the dice
We can make tonight the night
Are in in the mood for a little Vegas love
It's in the cards, it's in our hands
I know we got the perfect plan
You feel like a little, a little Vegas love

Well your mamma's gonna cry and your daddy
might be mad
But only till he figures out how he saved all that cash

Let's spin the wheel, roll the dice
We can make tonight the night
Are in in the mood for a little Vegas love
It's in the cards, it's in our hands
I know we got the perfect plan
You feel like a little, a little Vegas love
