Take a love song & sing it  
Take a warm smile & wear it  
& take all of the love I have just for you  
& you'll find that it helps dreams come true  
For you & me, too

Take a glad dream & build it  
Take a strong heart & use it  
Take the best of life's gifts & you'll see  
When you do how the rest of the goodness in life  
Finds it's own way to you

Take a love song & sing it, yeah  
Take the best of life's gifts & you'll see  
When you do how the rest of the goodness in life  
Finds it's own way to you

(Take a love song & sing it)  
Take a love song & sing it everywhere  
Let it fill the air  
(Take a warm smile & wear it)  
Take a warm smile & wear it  
You got to wear it  
(Take a glad dream & build it)  
Take a glad dream & build it to the sky  
Never, never lose it  
(Take a strong heart & use it)  
Take a strong heart, use it  
'Til the day you die
