A million to one  
That's what our folks think about this love of ours  
A million to one  
They say that our love will fade like yesterdays flowers  
They're betting everything that our love wont survive  
They're hoping in time well forget  
Each others lies.

A million to one  
They feel were too young to know the meaning of love  
A million to one  
That they've forgotten the dreams that were dreaming  
of  
But well forgive them because we love them  
After all is said and done  
Dear one, in a million, a million to one

After all is said and done  
Dear one, in a million, a million to one.
