I've loved and I've lost
I've added the cost up
Now I want to live
Free to start all over
And if you say you will

I've nothing to promise
And all that I want is
To know we have this chance
We can make a different
If you'd just understand

That I'm in it for love
I'm not in it for the love of a stranger
There's no limit for us
Let the walls come tumbling down

You've sheltered your dreams
And what does it mean
To you if you can't say
You have someone to side with you
When you're going against the grave

I've been there before
But one things for sure
This time I need some help
This heart holds out for you
Waiting here for no one else

I'm in it for love
I'm not in it for the love of a stranger
Cause there ain't enough time
There ain't enough love to be found in this world
If we're in it for love
There can be no hurt harm or danger
There's no limit for us
Let the walls come tumbling down

You and me
Leaving our heart ache in the sand
The skies wide open this time

This time it's love
We're holding in our hands

I'm in it for love
I'm not in it for the love of a stranger
Cause there ain't enough time
There ain't enough love to be found in this world
If we're in it for love
There can be no hurt harm or danger
There's no limit for us
Let the walls come tumbling down

In it for love
In it for love

In it for love
Oh I'm in it for love
I'm in it for love
Nothing else but love
