Baby don't say that it's too late cause I'm never gonna
stop believing I fear there's a chance here that I'm
never gonna shake this feeling

I said that I'd be there for ou girl like you were there for
me

How could I hold you close and then just let you go how
come I didn't see you were falling for me The love was
in your eyes I didn't realize for the rest of my life I'll
regret it cause I shoulda known better

Tell me that you love me and I swear I'll listen to you
this time cause I want you really need you Ain't it clear
there's no one else on my mind

I promise I'll be there for you girl like you were there for
me

I kno you are the only one I wanna make you mine. Unittl
the end of time I know I was the lost to see it and that's
why the blame is on me I shoulda known better
