A million to one
That's what our folks think about this love of ours
A million to one
They say that our love will fade like yesterdays flowers
They're betting everything that our love wont survive
They're hoping in time well forget
Each others lies.

A million to one
They feel were too young to know the meaning of love
A million to one
That they've forgotten the dreams that were dreaming
of
But well forgive them because we love them
After all is said and done
Dear one, in a million, a million to one

After all is said and done
Dear one, in a million, a million to one.
