Friends all tried to warn me but I held my head up high.
All them times they told me, but I only passed them by.
They all tried to tell me but I guess I didn't care.
I turned my back and left them standing there.

All those burning bridges that have fallen after me.
All the lonely feelings and the burning memories.
Everyone I left behind each time I closed a door.
Burning bridges lost forever more.

Joey tried to help me find a job awhile ago.
When I finally got it, I didn't want to go.
What is there in keep for me when I just walk away?
Now there's nothing left forme to say,

All those burning bridges that have fallen after me.
All the lonely feelings and the burning memories.
Everyone I left behind each time I closed a door.
Burning bridges lost forever more.

Years have passed and I keep thinking what a fool I've
been.
When I look back into the past and think of way back
when.
I know that I lost everything I thought that I could win.
I guess I should have listened to my friends.

All those burning bridges that have fallen after me.
All the lonely feelings and the burning memories.
Everyone I left behind each time I closed a door.
Burning bridges lost forever more.
