Im leavin it all up to you
You decide what you're gonna do
Now do you want my love
Or are we through
That's why Im leaving it up to you
You decide what you're gonna do
Now do you want my love
Or are we through
My heart in my hand
I don't understand
Baby, what, what have I done wrong
I worship, I worship the ground that you walk on
That's why Im leavin it up to you
You decide what you're gonna do
Now do you want my love
Or are we through
