Every song on the radio is about us tonight  
For the words make it hard to forget  
As the memories flash back to line after line  
The moments that we won't regret  
If there's bad blood between us or feelings unsaid  
Don't say a word just hold me instead

One kiss for the night we met  
One for the dreams we shared  
One for the laughter and tears  
One final rondavue  
One last I Love You  
One lasting memory  
One dance for old times  
Cause don't you think you and I  
Deserve one last goodbye

There is a painting of you in the beautiful light  
That hangs on the wall of my heart  
It will live there forever  
Time after time  
Like a priceless fine work of art  
I don't want to convince you  
To make me explain all that I'm feeling  
Baby you'll feel the same

One kiss for the night we met  
One for the dreams we shared  
One for the laughter and tears  
One final rondeavue  
One last I Love You

One lasting memory  
One dance for old times  
Girl don't you think you and I  
Deserve one last goodbye  
One last goodbye

No good guys, no bad guys  
When dawn comes those sad eyes  
We might not get this close again  
It will all be alright

If it's just for the night  
What if this isn't the end

Night we met  
The dreams we shared  
For the laughter and tears  
One final rondeavue  
I love you baby  
One lasting memory  
One dance for old times  
Girl don't you think you and I  
Deserve one last goodbye

Just one last goodbye  
That's all I want  
It's all I need  
One more, one more goodbye (Fades out)
