Light up the sky just like a beacon in the night  
Shine your light down on me  
Just rock my boat, bring back the storm and let me ride  
Come, chase the clouds away  
And set my sails

And set my sails

Cause you're the best things about me  
Everything that I can't be  
Tell a lie if a lie gets me by  
So carry me, I'm giving in  
Hear me sing my requiem  
Tell a lie if a lie gets me by  
Don't leave me high and dry

Light up the sky just like a fire in the night  
Ignite and light my way  
Burn all the maps, bring back the storm and make me  
ride  
Just be the wind and waves  
And navigate

And navigate

And you're the best things about me  
Everything that I can't be  
Tell a lie if a lie gets me by  
So carry me, I'm giving in  
Hear me sing my requiem  
Tell a lie if a lie gets me by

And set my sails  
(Don't leave me high and dry)  
And navigate  
(Don't leave me high and dry)  
And set my sails  
(Don't leave me high and dry)  
And navigate

Cause you're the best thing about me  
Everything that I can't be

Tell a lie if a lie gets me by  
So carry me, I'm giving in  
Listen to the violins  
Tell a lie if a lie gets me by  
Don't leave me high and dry

Who-oh-oh  
Who-oh-oh
