Hold on to what you believe  
You're more than they can perceive  
Hold out - my angel I'm sure that you'll  
see better days  
I'll be here whenever you need to unwind  
Come see me and I hope that you will find that  
it's not so bad  
Cause everything will soon fall into place

Sometimes it may take some time until you finally rise  
and shine  
If you learn to wait you're only hours away  
Sometimes it may take some time  
But in the end you'll be alright  
This is just a phase  
You're only hours away

Hey you - it's not too late It's okay -  
you're on your way  
I'll be right by your side  
Won't let life pass you by  
And if you should ever need more time I promise that  
you can have all of mine  
So don't be sad, cause everything will soon fall  
into place  
Sometimes it may take some time  
But I know things will turn out right  
And you're not too late  
You're only hours away  
And everybody gets a second chance  
Another song to dance  
So keep your faith  
Cause time has its own strange way (has  
its own way)  
Yeah, everybody gets a second chance  
Another song to dance  
I'm proud of everything you do  
You're only hours away  
Sometimes it may take some time  
There ain't no need to feel resigned  
If you keep your grace  
You're only hours away
