Your back's to the wall, you've got something to lean on  
It can't be all that bad When you're down on the  
ground, you can't fall much further down So get back  
on your feet instead

Hope dies last Put yourself to the test You'll see you  
can't lose what you never had It's as simple as that

When you're alone, make the choice on your own  
Forget those voices in your head And when you get  
burnt, another lesson gets learnt That's something you  
should not regret

Hope dies last Put yourself to the test  
You'll see you can't lose what you never had  
It's as simple as that As simple as that, my friend

My friend (repeated)

Hope dies last Put yourself to the test You'll see you  
can't lose what you never had now Life's a drag  
So try and make the best Of every time they stab you in  
the back, yeah Hope dies last  
Hope dies last But you can't lose what you never had  
It's as simple as that  
As simple as that, my friend
