perhaps it's true that we're on the same road  
but we're moving into different directions  
i question your ethics you don't understand mine  
in each of interests you don't see the attraction  
get out of my face, just leave me alone  
i don't want your embrace it's like touching a stone  
you know that i know that we wouldn't change for each  
other  
there ain't no fellow feelings, you ain't my brother  
dubdidupdo... (ah forget it!!)  
you don't like my socks , i don't like your hair  
you don't like my spaghetti, i dont like your stare  
you hate my mum, i hate your friend  
you want to use me for sex, i'd rather use may hand  
(?!)  
you like rick astley , we play ska (not??)  
in ear a shirt, you wear a wonder-bra(????!!!)  
we're too different, no doubt about that  
your hairy ass is gonna drive me mad  
because yestertomorrow it's the same as today  
and i'll be the same next week, nexth month , next life  
it's just a fact that we won't get alone  
and our contact will cause us nothing but strife
