Domes upon the Desert  
Shimmering through the haze  
Sunset in the Desert  
Listening to the crickets as they phaze  
Lights move through the heavens  
Colours glowing by  
See the Astral Angels  
Riding silver stallions in the sky  
Astral Angel  
You're no earthly bird I can tell  
Astral Angel  
I would be your friend if you fell  
Astral Angel  
Dancing through the dreamtime  
You harmonise with the song

Fading through the dreamtime  
Teach me how to dance and sing along  
Astral Angel  
You're no earthly bird I can tell  
Astral Angel  
I would be your friend if you fell  
Astral Angel  
Astral Angel  
You're no earthly bird I can tell  
Astral Angel  
I would be your friend if you fell  
Astral Angel
