Kiss me sweet lover
And linger long in ecstasy.
Mingle our fluids,
Flirt let me flame thee.
Come into my parlour,
Come sit but a droplet
Of my secret rain.
'Cause I'm the black widow, woe,
I'm the black widow, woe,
And I eat my love
And I eat my love
And I eat my love
And I eat my love.
I offer my pleasure
But never my love,
You may need me forever
But I don't need your love.
If you try to repel me
Your body will howl.
I set your spirit free,
You can depend on me.
'Cause I'm the black widow, woe,
I'm the black widow, woe,
And I eat my love
And I eat my love
And I eat my love
And I eat my love.
