"Please Don't Bend"

Walking, talking along a lonely shore
With your hair blowing soft on the breeze
I do dream you into my life
Gift me your love if you please

"Please don't bend my heart, made of glass
I can't promise to be here for you"
"Please don't bend my heart", she said to me
"I can't promise to be here, be here, be here for you"

Oh, what a night, the moon shining bright
Your kisses are sweeter than wine
Music floats on the breeze from the town
I lead you holding your hand in mine

"Please don't bend my heart, made of glass
I can't promise to be here for you"
"Please don't bend my heart", she said to me
"I can't promise to be here, be here, be here for you"

Now you're trembling beneath my lips
Soon I'll be gone to the south
We say nothing, we two just know
No words of woe from our mouths

"Please don't bend my heart", she said to me
"I can't promise to be here for you"
Please don't bend my heart, made of glass
I can't promise to be here, be here, be here for you"
