You will see this kind of chick in every town
Whenever there's a scene she's always hanging
around
She's so naive and innocent, she looks at to it all
She's only fourteen but she knows how to draw

Super lungs, super lungs
Super lungs, she's my super girl
Super lungs, yeah

She doesn't get involved with blowing her cool
She's too busy getting high with her classmates in
school
The people they ignore her, they would if they could
She ain't quite grown up yet but her credence's real
good

Super lungs, yeah, come on, she's my super girl
Super lungs, yeah
Super girl, super lungs, my

Super lungs, super lungs
Super lungs, she's my super girl
Super lungs, fly, take off, now take off, fly
Hey come on
