"The Music Makers"

Visit "[The Music Makers](#)" on MotoLyrics.com

People! Come! From miles around
To hear the music maker
Bring your friends and children too
To hear the music maker
Leave the towns and villages
And gather on the hill sides
Leave your worry, care and woe
And get yourself some good times
Have some fun out in the country
Celebrate your music in the open air
People! Come! From miles around
To hear the music maker
People! Clap your hands and sing
To the rockin' shaker
People! Get your love together dig
A slow heart breaker
Trippy, hippy, juicy Lucy, krishna
Nutty - soya - yogi copper, skinhead
Copper, cokehead, camper, freak
And raver
Have some fun out in the country
Celebrate your music in the open air
People! Dance! For miles around
To the music maker
