Visit "[Where Is She](#)" on [MotoLyrics.com](https://MotoLyrics.com)

Springtime for me has gone  
Where is she?  
Waking in the blue dawn  
Where is she?

Someday I'll say to her  
I am here  
Smiling her words will be  
I am cheer

I know she'll wait for me  
Well, I know she'll wait for me  
To come to her

Springtime for me has gone  
Where is she?  
Waking in the blue dawn  
Where is she?

Lazy adorn and adorn  
She will be  
Drowsy sleepy with blue  
I am here

I know she'll wait for me  
Well, I know she'll wait for me  
To come to her
