She's a wild witch lady  
She's a voodoo child  
She's got poison lipstick  
She drive King Kong wild  
She eat boys for breakfast  
She's a goblin girl  
She suck up all your insides  
Make your finger nails curl  
Whoa! Yeah! Sweet young thing  
She's a sleazy miss teasy  
Black leather kid  
Mata hari  
Ain't done what she did  
She got acid saliva  
She got a reptile tongue  
She drive a young man crazy  
She make an old man young  
Whoa! Yeah! Sweet young thing
