Won't you come here to me, baby  
Won't you hold this in your hand  
I've been talking to your sister  
But she just don't understand  
She's knows everything  
But she just don't know how to make me sing

Well, I was cool as can be  
I can not be licked  
Never tell the beatnik is bound to get you nicked  
They know everything  
But they just don't know how to make life sing

Won't you come here to me, baby  
Won't you hold this in your hand  
I've been talking to your sister  
But she just don't understand  
She's knows everything  
But she just don't know how to make me swing  
Make life sing

Well, I was cool as can be  
I can not be licked  
Never tell the beatnik is bound to get you nicked  
They know everything  
But they just don't know how to make life sing
