They told me that a babe was born in the town called
Bethlehem
How shook up his society in the times way back when
How we sang the song of poverty
How giving leads to grace
Now we celebrate his birthday
With this commercial disgrace
Thanksgivings over and the Christmas spirits here
on the shelves of the liquer stores
with all the wine and beer
and santa laughs
and rings his bells so every kid will know
Yule Tide goodies can be yours
if you got the doe

Cause I don't believe in Christmas anymore
Cause they push it on the TV and they push it in the
stores
no I don't believe in Christmas anymore
and if he came down this Christmas he'd put us down
for sure

the Shopping street is glittery
and the shops all look so gay
hark the katell carrolling
Christ is born today
Spray can snow and rein deer decorate the window
pane
Oh spend all yee faithful
it's rip off time again

Cause I don't believe in Christmas anymore
Cause they push it on the TV and they push it in the
stores
Cause I don't believe in Christmas anymore
and if he came down this Christmas he'd put us down
for sure

The shopping street is empty
in the wee hours of the night
John a young dude walking by

the flashing fairy lights
Calmly and deliberate
taking mighty swipes
breaking windows with an axe
wrapped in stars and stripes
bark collapsing easily all down the boulevard
at each and every Jolly Store
he put the axe in hard
Oh nearly 18
was he stoned it's hard to say
cause the cops came with a shot gun
and blew him clean away

Cause I don't believe in Christmas anymore
Cause they push it on the TV and they push it in the
stores
Cause I don't believe in Christmas anymore
and if he'd come down this Christmas he'd do the
same I'm sure
Cause I don't believe in Christmas anymore
Cause they push it on the TV and they push it in the
stores
No they don't believe in Christmas anymore
and if he came down this Christmas he'd do the same
I'm sure
Cause I don't believe in Christmas anymore
Oh I don't believe in Christmas
How I don't believe in Christmas
Cause I don't believe in Christmas anymore
and if you came down this Christmas
Oh I don't believe in Christmas
