From the album sutras

Sleep now sleep
And so fade sorrow
Sleep beloved sleep
Sleep now sleep
Afar tomorrow
Sleep beloved sleep
You are home this night
Home of winter
Your home of autumn
Summer and spring
You are home this night
Lasting home
Eternal home
Your eternal home
Sleep of seven lights upon you

Sleep of seven joys
Sleep of seven slumbers on you
In your easy poise
You are home this night
Home of stillness
Your home of spirit
Being and bliss
You are home this night
Abiding home
Forever home
Your forever home
