From the album sunshine superman

He will bring happiness in a pipe,
He'll ride away on his silver bike
And apart from that he'll be so kind
In consenting to blow your mind.
Fly Translove Airways, get you there on time.
Fly Translove Airways, get you there on time.
He will bring orchids for my lady,
The perfume will be of an excellent style
And apart from that he'll be so kind
In consenting to blow your mind.
Fly Translove Airways, get you there on time.
Fly Translove Airways, get you there on time.
He will bring happiness in a pipe,
He'll-a ride away on his silver bike
And apart from that he'll be so kind

In consenting to blow your mind.
Fly Jefferson Airplane, get you there on time.
Fly Jefferson Airplane, get you there on time.
He will bring happiness in a pipe,
He'll ride away on his silver bike
And apart from that he'll be so kind
In consenting to blow your mind.
Fly Translove Airways, get you there on time.
Fly Translove Airways, get you there on time.
We'll be flying at an altitude of thirty-nine thousand
feet
Captain High at your service.
