All the money in the world dont mean a thing,
If this heart stops pounding.
Success without a passion, is empty.

These days, have been so complicated
I lost my love by trading.
something pure for something social.

Im curled up, on the floor, im wasting away.
Im a wreck, but you know, that i just,
Feel so cold,
And so alone.

All the money in the world dont mean a thing,
If this heart stops pounding.
Success without a passion, is empty.

Cuz all the money in the world dont mean a thing,
If this heart stops pounding.
Success without a passion, is empty.

Life aint,
On a lonely stretch of highway.
All the compromises i made,
Will they keep me warm?
Can i weather this storm?

Im curled up, on the floor, im wasting away.
Im a wreck, but you know, that i just,
Feel so cold,
And so alone.

All the money in the world dont mean a thing,
If this heart stops pounding.
Success without a passion, is empty.

Cuz all the money in the world dont mean a thing,
If this heart stops pounding.
Success without a passion, is empty.

You dont deserve,
you dont deserve to be let down.

And all this feels so wrong,
But i cant fight you now.
Cuz i feel so cold,
And so alone.
Feel so cold,
So alone.

All the money in the world dont mean a thing,
If this heart stops pounding.
Success without a passion, is empty.

All the money in the world dont mean a thing,
(If this heart stops pounding)
All the money in the world dont mean a thing,
(If this heart stops pounding)
All the money in the world dont mean a thing,
If this heart stops pounding.
Success without a passion, is empty.

Cuz all the money in the world dont mean a thing,
If this heart stops pounding.
