Everybod'y complaining but i'm so happy i could cry
never needed a reason faith is the set-up place
even if there's no reason gonna put a smile on my face

Don't look down
never let do
don't look down
you know, you know all there is to know

have you ever been lonley?
has the worl brought you to your knees?
with your dedication
faith will set you free
never needed a reason
might change the day your in

Don't look down
never let do
don't look down
you know, you know all there is to know

DON'T LOOK DOWN
and never turn away
don't look down
no matter what they say
