I think it's, selfish to, want this as much as I do  
I can't stop myself from driving on and making it  
through  
Mom and Dad, understand, things will work out in the  
end  
But now I, should go, cause time is something I can not  
bend

I'm on my own, it feels like the first time, that I let you  
go  
On my own, nothings gonna stop me, I just thought you  
should know

21, still so young, when will life really begin  
stop flailing, start caring, getting up and fighting to win  
you can't be, against me, when will you listen to me  
and open, your eyes, and see me for what I wanna be

I'm on my own, it feels like the first time, that I let you  
go  
On my own, nothings gonna stop me, I wanted you to  
know that

I couldn't paint it better if I tried  
I wouldn't paint it better id I tried

I'm on my own, it feels like the first time, that I let you  
go  
On my own, nothings gonna stop me, I just thought you  
should know...
