I can't see you
When I want to
Away from me, is where you are
It's different lives
Different inside
So close to me but yet so far

So please
Just tell me
I'll see you
Again...

You're definitely, worth it to me
Just know I'll be there if you fall
I know I'm not him
And I know I'm not in
But he knows not what he has at all

So please
Just tell me
I'll see you
Again...

Do you think it's luck
That I found you

Just a coincidence that I found

6 dates away
But I'm on my way
Am I ever comin back?

No I'm never coming back

Again...

So please
Just tell me
I'll see you
Again...

So please

Just tell me
I'll see you
Again...
