Finding out you were wrong
Was the hardest thing you've done
Try to understand it
Everythings undone
Your Thinking that you know me
Well think again
You've Broken every promise
Leave me till the end

Trying hard to explain it
Never comes out right
I need you out of my head
I need you out of sight
Now its time to move on
You cant complain
Push inside your feeling
Break through all the pain you caused
All I want to say

Give it up
I will tell you one last time now
You gotta learn to crawl before you walk on me
Give it up
I'm wanna tell you one last time now
You gotta learn to crawl before you walk all over me

Can't take another moment
My back is finally broken
Stepping out and over your big lie
The seams are frayed and open
Thank god its finally over
My heart is pleading to you one last time.

Give it up
I will tell you one last time now
You gotta learn to crawl before you walk on me.
Give it up
I'm going to tell you one last time now
You gotta learn to crawl before you walk all over me
