I find it hard to be the one you always come to when  
you're down  
You know i'm not the one  
(you know i'm not the one)

I'll be waiting  
for you to knock me down  
Oh no that's not me  
(Oh no that's not me)  
Around you're not me

Because I cant breathe  
Youre choking me  
your words are hands around my neck  
That penetrate my skin and kill me

I find it hard that there's a way you'll only come when  
i'm around.  
you know im not the one  
you know im not the one  
Stay waiting for you to watch me fall  
Oh no that's not me  
(oh no thats not me)  
around thats not me  
you're not me

Because I cant breathe  
You're choking me  
Your words are hands around my neck  
That penetrate my skin and kill me

Because I cant breathe.  
You're choking me  
Your words are hands around my neck  
that penetrate my skin and kill me

The things that you say mean nothing to me.  
And all of this time you made me believe that I could  
break you  
(that i could break you)

Because I cant breathe.

You're choking me your words are hands around my  
neck.  
And your words kill me  
Kill me

Because I cant breathe  
You're choking me  
Your words are hads around my neck  
That penetrate my skin and kill me
