Baby girl lets have a talk
Now I don't understand keep putting yourself through
this
Your mans up to no good
But your still with him why cant you see girl its foolish
And I don't see the reason for holding on
You say you love him but he don't love you back
It's a shame that you keep holding on

Girl tell me whats love got to do with it
I see the way he hurts ya
No that's not it
Hate to see you crying many tears
That aint the way to focus that's not it

if you give me one chance I can replace your pain with
love
All I need is one chance to show you the true meaning
Why don't you just open up your heart
And let me in your heart
Ill show you what you've been missing on
All I need is once chance

i don't understand how you keep falling into a drought
your so confused how is it that he keep messing
around
when you gave everything but you couldn't make it
work
now its breaking u down cuz youre feeling sad so hurt

tell me whats love got to do with it
I see the way he hurts ya
No that's not it
Hate to see you crying many tears
That aint the way to focus that's not it

Girl if you give me one chance I can replace your pain
with love
All I need is one chance to show you the true meaning
Why don't you just open up your heart
And let me in your heart

Ill show you what you've been missing on
All I need is one chance

I swear girl I don't mind
I just want one thing for you
It makes no sense for you
To keep him in your heart
Why cant you see me reaching out

if you give me one chance I can replace your pain with
love
All I need is one chance to show you the true meaning
Why don't you just open up your heart
And let me in your heart
Ill show you what you've been missing oh
All I need is one chance

if you give me one chance I can replace your pain with
love
All I need is one chance to show you the true meaning
Why don't you just open up
Ill show you what you've been missing on
All I need is one chance
All I need is one chance
All I need is one chance
All I need is one chance
All I need is one chance
