Girl I had this special moment that you was standing
right in front of me.
And I had it all figured out with the right words to say
and everything was perfect as it can be.
But then I realized, that I dozed off, it was just a dream.
And the second I looked at you i couldn't say a thing.
All of a sudden I had butterflies in my stomach, i
couldn't breathe.

Why? Why couldn't I show her what I felt inside my
heart.
Why? Why couldn't I tell her how upset, she needs me.
Does it have to be this way?

There's not a single doubt in my mind
Your the one for me.
Girl we go together like pants and kicks.
It's getting hard to resist
Gotta build my confidence
Girl your so fine that I can stand for days.

[Why Lyrics On]

Words just can't say how I feel about you.
Your melody is catchy like a perfect song, you!
And I can't get enough
Cause your vibe is the stuff
And still I don't know what to say!

Why? Why couldn't I show her what I felt inside my
heart?
Why? Why couldn't I tell her how upset, she needs me.
Why? Does it have to be this way?

Why? Why do I sit and cry cause she's not mine?
Why? Why do I feel so down, when she's not around?
Why? Does it have to be this way?

Its time for me to stop being a coward
And face this stuff right now
Cause you're the one for me

Im gonna give it all I got
it's fits right life, right now

Girl with you is where I wanna be

Why? Why couldn't I show her what I felt inside my
heart?

Why? Why couldn't I tell her how upset, she needs me.

Why? Does it have to be this way?

Why? Why do I sit and cry cause she's not mine?

Why? Why do I feel so down, when she's not around?

Why? Does it have to be this way?

Why? Why couldn't I show her what I felt inside my
heart?

Why? Why couldn't I tell her how upset, she needs me.

Why? Does it have to be this way?
