Without a question you been
Hurt a little, drove a little
Taunt a little, cry a little
And you done enough, said enough
What is the point trying to work things out
Now baby you going to have to stop
Blaming yourself, putting yourself down
Cause girl you can do with out it

Oh, you shouldn't have to
Put yourself threw it, threw it
Stop giving chances, chances
Girl he don't deserve it
This makes no sense girl [x2]
You can do better [x2]

Without a question get mad a lot
Pound a lot, shout a lot
Feel inside out
Because you so confuse
Either way you lose
What is it you trying to hold to?
Not another heartbreak
You already bent out of shape
I'm on the outside, looking in
You don't need a headache
You don't need [x2]
You don't need a
Part time love, full time tease
It don't seem [x2]
It don't seem like
See how he hurt you heart and still don't care
Stuff going to change
You know it, this and live it
Who can get it, girl admit it
I know you can do much better

Oh, you shouldn't have to
Put yourself threw it, threw it
Stop giving chances, chances
Girl he don't deserve it

This makes no sense girl [x2]
You can do better [x2]

Why don't you take a step back
And she how much you worth
Side kick ain't for you girl
You so thorough, that's my word
So far I witness you down
With this shit, so hard for me
When I know you can do so much better baby

Oh, you shouldn't have to
Put yourself threw it, threw it
Stop giving chances, chances
Girl he don't deserve it
This makes no sense girl [x2]
You can do better [x2]

You can do better [x2]
