(Verse)

I'm sittin alone, in the dark
I'm going through it, the car is parked
She telling me, that it's over
I guess all the fuss and fighting made this over
But now I'm lost 'cause there's no closure
And I'm the target, and she the arrow
Should've been more careful
I shouldn't have gambled with my baby
She left me crazy, don't know what to say

(Chorus 1)

I'm burning inside
It's damaging my heart, shortening my life
It's piercing like a bulletâ€¦ bulletâ€¦ bullet
It's piercing like a bulletâ€¦ bulletâ€¦ bullet

(Chorus 2)

I give up, I swallow my pride
I messed up, it feels like I done died
It's piercing like a bulletâ€¦ bulletâ€¦ bullet
It's piercing like a bulletâ€¦ bulletâ€¦ bullet

(Verse)

Need you back to close up these war wounds
You're my right aid, the angel that saved me
I pray to God you'll forgive me
'Cause my world is nothing without you
Please understand, I'm ready to be your man
Just let me convince you I can
I wanna beâ€¦!

(Chorus 1)

I'm burning inside
It's damaging my heart, shortening my life
It's piercing like a bulletâ€¦ bulletâ€¦ bullet
It's piercing like a bulletâ€¦ bulletâ€¦ bullet

(Chorus 2)

I give up, I swallow my pride
I messed up, it feels like I done died

It's piercing like a bulletâ€¦ bulletâ€¦ bullet
It's piercing like a bulletâ€¦ bulletâ€¦ bullet

(Interlude x2)
I'm losing it
Please come back
I'm missing you
That's a fact

(Chorus 1)
I'm burning inside
It's damaging my heart, shortening my life
It's piercing like a bulletâ€¦ bulletâ€¦ bullet
It's piercing like a bulletâ€¦ bulletâ€¦ bullet

(Chorus 2)
I give up, I swallow my pride
I messed up, it feels like I done died
It's piercing like a bulletâ€¦ bulletâ€¦ bullet
It's piercing like a bulletâ€¦ bulletâ€¦ bullet
