(Intro/Bridge)

Oh oh oh oh
I cling to you
Oh oh oh oh
I cling to you
Oh oh oh oh
I cling to you
Oh oh oh oh

(Verse)

Yea, I met this girl a second ago, yea
Met her again, while I was here in the store
She was in the out picking out some gel
Now I seen her out grab a cereal
Seemed so strange, we bumped in the middle
She was that girl working the cashier
Met her when I went to pay my phone bill
And I looked up and there she was

(Bridge)

And I don't know just how to explain it
There she was, yea
Beautiful, dazzling, amazing, oh oh

(Hook)

I'm going crazy
'Cause my mind is playing tricks on me
I cling to you
I cling to you
See you everywhere I go
Baby, I cling to you

(Bridge)

Oh oh oh oh
I cling to you
Oh oh oh oh
I cling to you
Oh oh oh oh
I cling to you
Oh oh oh oh

(Verse)

Was minding my business, parked the car
Just caught a flight at the airport
I was going 80 on the freeway
She slowed me down in the captain car
Got my ticket, I was on my way
Dropped my baggage at the baggage claim
Got seated up on the plane
Saw the stewardess and there she was

(Bridge)

And I don't know just how to explain it
There she was (there she was)
Beautiful, dazzling, amazing, oh oh

(Hook)

I'm going crazy
'Cause my mind is playing tricks on me
I cling to you
I cling to you
See you everywhere I go
Baby, I cling to you

(Verse)

I keep seeing your face everywhere I turn (where I turn)
Everywhere I go (everywhere I go)
All these, sitting on some, girls means something,
acting wrong
Maybe we're supposed to be together girl

(Hook)

I'm going crazy
'Cause my mind is playing tricks on me
I cling to you
I cling to you
See you everywhere I go
Baby, I cling to you

(Bridge/Outro)

Oh oh oh oh
I cling to you
Oh oh oh oh
I cling to you
Oh oh oh oh
I cling to you
Oh oh oh oh
