Murder murder murder
It seem like
Murder murder murder.
Murder murder murder
It seem like

Murder murder murder.

Somebody please call 911, 911
It's been an accident, I just hurt my baby girl
And it ain't looking good
It's tearing me apart, 'cause she haven't been home for
days
And I'm losing my mind, I've been searching all over
the place, yeah
Now where the shit got next, I've been caught up in the
mixt up
And land up in the ditches,
I'm stressed and flipping through the town
I'm asking all around, I'm thinking bout the clown
'cause I don't see you,
Without her I can't live right, I'm struggling with my life
I'm opened and I see my baby again

Seems like I committed the sin like mine.
I wanna save it yeah
I'm going crazy I need my baby back
I'm a man without a soul
And I ain't ready, I'm not ready to close the casket babe

I'm still hating myself, passing myself
Why did she leave, what I am doing and how did I get
here?
My world is upside down
I'm going through the major shit, stipping about the
drown
I'm doing bad like a daughter without her mama
Pissed off like a son without a father yeah
Dealing with life, I'm messed up and I don't even have
to think twice, oh oh oh
Now when the shit got next up

Hot up in the mixt up and land up in the ditches
I'm stressed and flippin through the town
When I'm asking all around, I'm thinking bout the clown
'cause I don't see you without her I can't live right
I'm struggling with my life
I'm hoping that I see my baby again

Seems like I committed the sin like muu
I wanna save it yeah
I'm going crazy I need my baby back
I'm a man without a soul
And I ain't ready, I'm not ready to close the casket babe

Oh oh oh oh oh, I can't make it without my baby boy
Oh, oh oh oh oh oh oh, tell me what I'm gonna do
Oh, oh oh oh oh, I'm dying without my baby next to me
Oh oh oh oh, it's murder
I wanna save it yeah, girl
I'm going crazy I need my baby back
I'm crazy without my baby baby baby
I'm a man without a soul
And I ain't ready, I'm not ready to close the casket babe
