I'm lost without your love

Listen

I've tried and I've tried
But compromising wouldn't work with you now
Saying nothing just made it worse
You've cried and you've cried
How many nights are we hopeless
I can't step into focus

This ain't the way to go
I don't wanna be alone no more
Left out in the cold
I've been running away from my shadow

[chorus]

I don't know where to start
I'm trapped in the dark
I'm drowning and I'm lost without your love
I didn't play my part
I know I broke your heart
I'm hurting and I'm lost without your love

When my heart on my shoulders
I done died and come back to life
Broke my promises more than twice
You felt my heart was stolen
Said I ain't what I used to be
Took advantage of you and me

This ain't the way to go
I don't wanna be alone no more
I'm left out in the cold
I've been running away from my shadow

[chorus]

It's not the same anymore
It's hard to just let you go
Want to see you again

Want to see you again
Cuz I can't think
No, cannot sleep unless you forgive me
Tell me, can you forgive me?

[chorus] (2x)
