Come on over baby
got nothin' to lose
Well you never get enough
of those highway blues
Just another road to
freedom and you know that
It ain't no crime ooooo

Can't you hear it baby?
Like thunder I know
Like the magic and the
passion of rock and roll
It's like a Harley motorcycle
raging out of control oooo

Danger up ahead of you
comin' up behind you too
Turn it to the left
turn it to the right
Now you twist the throttle up
with all your might

Dangerous, that's why you love it

Well you like to drive
fast baby so do I
Slide up right beside me
watch the broken lines fly
'Cause there's no one who can catch us
Just let anybody give it a try oooo

Can't you hear it baby?
Like thunder I know
It's like the magic and
the passion of rock 'n' roll
You're a rebel and you know it
And you're not afraid
to throw it away oooo

Danger up ahead of you
comin' up behind you too
Turn it to the left

turn it to the right
Now you twist the throttle up
with all your might

It's dangerous
Dangerous, that's why you love it
