Down around the corner half a mile from here  
see them long trains run and you watch them  
dissapear

without love where would you be now  
without love

though i saw miss lucy down along the track  
she lost her home and her family and she won t be  
coming back

without love where would you be now  
without love

well the Illinois Central and the Southern Central Freight  
you got to keep on pushing mamma you know they're  
running late

without love where would you be now  
without love

well the Illinois Central and the Southern Central Freight  
you got to keep on pushing mamma you know they're  
running late

without love where would you be now  
without love

when the pistons keep on turning andt he wheels go  
round and round  
and the steel rails are cold and hard and the moutains  
they go down

without love where would you be now  
without love
