

Doobie Brothers "Natural Thing"

Visit "[Natural Thing](#)" on MotoLyrics.com

Tom Johnston

People outside my window
Goin' everywhere
People that are happy
People without a care

We all got to be loved
It's a nat'ral thing don't you know
The sooner we find what we need
Gonna be feeling it, happy to show

I'm gonna change my method
Get me a big ham bone
Gonna make all the leaders of the country
Get it together and bring it on home

We all got to be loved
It's a nat'ral thing don't you know
The sooner we find what we need
Gonna be feeling it, happy to show

Those men in the circus
Those men on the wire
Their feet hangin' fifty feet up
Know they're countin' on their daily luck
To bring them through the fire
