"Take Me To The Highway"

Drove my car to the top of the hill
and looked out across the town
I got the urge to move again
I guess I'll never settle down
We talked about things getting better
But they still look the same to me
Could be a near sighted heart
seein' what it wants to see
So take me to the highway, take me far from here
These days I'm not seein' anything too clear
Nothin' seems to move fast enough
When time isn't on you side
Can't seem to keep the wheels in motion
No matter how hard you try
I need another point of view
Someplace I've never seen
Keepin' my eyes wide open
Goin' where I've never been
So take me to the highway, take me far from here
These days I'm not seein' anything too clear
I've been lookin' for an answer
and I've got a long way to go
But when I reach that place
I know I'll find what I'm lookin' for
So take me to the highway, take me far from here
These days I'm not seein' anything too clear
