They wait and watch the border  
As the night falls  
Full moon throwin' shadows  
They might see

For the moment  
There ain't no breakin' through  
Sometimes waiting is all a man can do  
Hear me now

Don't know what's in front of me  
I know how the heart rules  
Can't say what the odds will be  
I might win, i might lose  
Tonight i'm comin' through

Through the night sounds ringin'  
One lonely heartbeat  
She must be wonderin'  
What to do

Well, i can't call out  
Can't get no message through  
And i can't wait here  
To see one more night through  
Oh baby

Don't know what's in front of me  
I know how the heart rules  
Can't say what the odds will be  
I might win, i might lose  
Tonight i'm comin' through  
In the midnight hour  
Ooh i'm comin' through

Don't know what's in front of me  
I know how the heart rules  
Can't say what the odds will be  
I might win, i might lose  
Tonight i'm comin' through

I know how the heart rules  
Can't say what the odds will be  
I might win, i might lose

Tonight i'm comin' through  
I know how the heart rules  
Can't say what the odds will be  
I might win, i might lose

Tonight i'm comin' through  
Ooh i'm comin' through  
Ooh
